

Lawn Solutions Australia's ProPlus Natural Carbon Fertiliser is a professional extended-release mini-prill fertiliser. This newly developed natural carbon based fertiliser minimises leaching by binding nutrients to naturally occurring carbon and is suitable for all lawn types.

**PERFORMANCE GUARANTEE**  
If you are not completely satisfied with the results achieved from the use of this product we will gladly refund the purchase price.

**PRECAUTIONS**  
Keep out of reach of children. Plant nutrients can cause staining of sidewalks. Sweep walkways prior to irrigation. Walkways should be dry at time of application. Harmful if swallowed. The dust from this product may act as an irritant. Avoid inhalation and contact with the eyes and skin.

**APPLICATION**

- Apply evenly over lawn surface using either a fertiliser spreader (use manufacturer's settings) or apply by hand. If hand spreading, the average adult hand holds approximately 50g of this product

- Use a smooth motion when spreading by hand. For even coverage, walk in a 'criss-cross' pattern whilst spreading
- Water in well immediately following application to avoid burning

**2.5KG PER 100M<sup>2</sup>**

**APPLY IN SPRING AND AUTUMN**

**QUICK TIPS**

Avoid applying to new lawns until the lawn has had its first mow

Water in well immediately after application

Avoid using when temperature is expected to exceed 30°C

## Natural Carbon Fertiliser

**CONTENTS TREATS UP TO**  
**9KG 400M<sup>2</sup>**

TAKE YOUR LAWN TO THE NEXT LEVEL.

**RECOMMENDED FOR ALL LAWN TYPES**

Lawn Solutions ProPlus Natural Carbon Fertiliser includes nitrogen, potassium, sulphur and other micronutrients. For lawns that are cut short and highly manicured, the mini-prill can easily make its way down into the lawn canopy to the soil where it can be absorbed by the plant's roots as required to sustain even plant growth.

**NATURAL & ECO FRIENDLY**

Bonds nutrients to carbon found in naturally occurring peat moss.

**SLOWER, CONSISTENT GROWTH**

Extended-release mini-prill provides up to 90 days of consistently supplied nutrient.

**KEY BENEFITS**

- Less watering & Mowing
- Increased Horizontal Growth
- Improved Root System
- Lower Burn Risk

**GREAT FOR ALL LAWN TYPES**

**COMPOUND ANALYSIS**

Nitrogen (N)	17%
Phosphorus (P)	0%
Potassium (K)	3%
Sulphur (S)	17%

**NEED A GREAT LIQUID FERTILISER?**
